

Nada Ayman Mohammed

Address: Dokki, 12611, Giza, EGYPT | **Phone:** +20 1091270863 | **Email:** nadaaymanelwatany@gmail.com | **LinkedIn:** www.linkedin.com/in/nada-ayman-el-watany-401277352

Personal Statement

Motivated **Computer Engineering student** with a strong passion for programming, problem-solving, and data management. Skilled in C++ and SQL, with hands-on experience through academic projects. Eager to apply and further develop technical skills through an internship in software development or technology-driven roles.

EDUCATION

B.Eng. in Electrical and Computer Engineering (Computer Engineering), Nile University, Giza, EGYPT
Expected Graduation: 6, 2027 **GPA:** 3.53/4.0

Relevant Coursework: Database Management Systems, Calculus 1 and 2, Data Structure and Algorithms, Intro to C++, Software Engineering, Microprocessor System Design, Computer Organization, Linear Algebra and Intro to Machine Learning, Image and Video Processing, Differential Equations, Probability and Statistics, Discrete Mathematics.

CERTIFICATES

Front-End Web Development – Vue.js (Summer Code Camp)

Institution: Information Technology Institute (ITI), New Capital – Online

Completed: 1 September 2025 | Duration: 120 Hours

Key Topics: ECMAScript, HTML5, CSS3, Bootstrap, Vue.js, Client-Side Technologies

Python Programming Basics – Certificate of Completion

Institution: Information Technology Institute (ITI) – Ministry of Communications and Information Technology

Platform: Mahara-Tech

Completed: February 13, 2026 | Duration: 1 hour 38 minutes

Topics Covered: Python fundamentals, including variables, data types, control structures, functions, and basic problem-solving.

Introduction to Data Science

Institution: Cisco Networking Academy & E-Learning Competence Centre

Issued: 22 July 2025

Skills Gained: Data analysis, statistics, data-driven insights

PROJECTS

Personal Portfolio Website

Link: <https://my-portfolio-theta-swart-21.vercel.app/>

- Built a responsive personal portfolio using HTML, CSS, and Bootstrap.
 - Showcased projects, skills, and experience with a clean, modern UI optimized for desktop and mobile.
-

EgyMed – Doctor Appointment Booking System

Link: <https://egymed.vercel.app/>

- Developed a patient-side medical appointment system using HTML5, CSS3, Bootstrap, JavaScript, and Vue.js.
 - Implemented core features: doctor search, specialty filtering, appointment booking, form validation, contact form, and appointment management.
 - Built a fully responsive UI optimized for mobile and desktop.
 - Utilized LocalStorage and Vue state management for data persistence.
 - Designed a scalable structure; doctor-side dashboard (login + appointments list) currently in development.
-

School Database Management System

Project Description:

- Built a relational database with full normalization (up to 3NF) and a GUI to manage students, teachers, classes, exams, and finances.

(ECE252 – Database Management Systems)

Hospital Management System

Project Description:

- Implemented, using C++, a data structure to manage patients, doctors, appointments, and medical records in a hospital or clinic.
 - Enabled efficient search, updates, report generation, and performance tracking.
-

Toy Organ (Piano)

Project Description:

- Tinker CAD software was used to test the piano prototype, then it was built in the real world using five push buttons and a 555 timer IC.
 - Configured buttons to produce tones in musical sequence.
-

Design a Counter

Project Description:

- Designed a counter on Logisim Software to generate team ID digits (e.g., if the team leader's ID is 100345, output is 1, 0, 0, 3, 4, 5, etc.).
 - Connected counter output to a 7-segment display for real-time visualization.
-

SKILLS

- C++
 - HTML
 - CSS/Bootstrap
 - JavaScript Basics
 - Vue.js
 - Object Oriented Programming
 - Data Structures and Algorithms
 - MySQL
 - Excel Basics
 - Git & GitHub Basics
 - Embedded Systems
 - Linux basics
-

LANGUAGES

- Arabic – Native
- English – Professional

STRENGTHS

- Strong problem-solving skills.
- Adaptability and quick learning ability.
- Eager to learn new skills.
- Time management and organization.
- Excellent teamwork and communication skills.
